

CANCELLATION NOTICE

LF 44B, Hazardous Material - Reissue Record (Rev. Apr. 1992)

Cancelled effective 09-26-07

LF 44B, Hazardous Material - Reissue Record (Rev. Apr. 1992) was the tool used to track hazardous material transfers to and from the Center's reuse facility. This web-based system form is obsolete, because the reuse facility does not exist anymore; it is, therefore, officially cancelled.
